

Calcium + Magnesium + Vitamin D3

GRAPEFRUIT FLAVOUR
EFFERVESCENT TABLETS

Take daily to support calcium absorption in bones, vitamin D3 levels in the body and helps maintain bone mineralisation and strength.

Potential Claims*

- Supports calcium absorption in bones
- Supports vitamin D3 levels in the body
- Helps maintain bone mineralisation and strength
- Supports bone health
- Supports muscle function

Effervescent Tablets Features & Benefits

- Wide range of natural flavours & colours with your preferred sweeteners
- Effervescent tablets produce a nice fizzy flavour and are pleasant to drink often resulting in compliance or repeat usage
- A great dosage form for people who find oral tablets difficult to swallow (dysphagia)
- Popular with kids, adults and seniors
- Effervescent tablets have already started dissolving by the time they reach your stomach, meaning they can be absorbed efficiently and are gentle on the stomach
- High dose of Active Ingredients is possible due to large tablet sizes
