

Multivitamins & Minerals for Kids

CHERRY or BLACKCURRENT FLAVOUR
EFFERVESCENT TABLETS

A comprehensive multivitamin and mineral formulation to help support healthy growth and development when a child's dietary intake is inadequate.

Potential Claims*

- Supports general health and wellbeing
- Supports immune system health
- Supports teeth and gum health
- Supports healthy growth and development
- Assists healthy bone development
- Supports muscle health

Effervescent Tablets Features & Benefits

- Wide range of natural flavours & colours with your preferred sweeteners
- Effervescent tablets produce a nice fizzy flavour and are pleasant to drink often resulting in compliance or repeat usage
- A great dosage form for people who find oral tablets difficult to swallow (dysphagia)
- Popular with kids, adults and seniors
- Effervescent tablets have already started dissolving by the time they reach your stomach, meaning they can be absorbed efficiently and are gentle on the stomach
- High dose of Active Ingredients is possible due to large tablet sizes
