

Vitamin C + Glutathione + Hyaluronic Acid

LEMON FLAVOUR
EFFERVESCENT TABLETS

Taken daily this triple action beauty from within formulation can visibly reduce the signs of aging. Vitamin C protects the skin from sun damage and can help fade skin discoloration. Glutathione can reduce minor skin imperfections and produce an overall brighter complexion while improving uneven skin tone and hyaluronic acid helps keep skin moisturized reducing fine lines and wrinkles.

Potential Claims*

- Vitamin C is essential in the formation of collagen which is the building block of skin
- Glutathione is the most abundant antioxidant in the body. It reduces oxidative stress in the body to improve your overall complexion. It decreases the melanin (pigmentation) in your skin, but has also been found to decrease wrinkles and increase skin elasticity.
- Hyaluronic Acid helps reduce the visibility of fine lines and wrinkles retaining moisture to the skin, creating a plumping effect. When the skin is protected and hydrated, increased skin cell production can take place.

Effervescent Tablets Features & Benefits

- Wide range of natural flavours & colours with your preferred sweeteners
- Effervescent tablets produce a nice fizzy flavour and are pleasant to drink often resulting in compliance or repeat usage
- A great dosage form for people who find oral tablets difficult to swallow (dysphagia)
- Popular with kids, adults and seniors
- Effervescent tablets have already started dissolving by the time they reach your stomach, meaning they can be absorbed efficiently and are gentle on the stomach
- High dose of Active Ingredients is possible due to large tablet sizes
