

Echinacea + Zinc + Vitamin C

LEMON FLAVOUR
EFFERVESCENT TABLETS

This formulation is a convenient herbal, vitamin and mineral blend that can help to reduce the duration and symptom severity of common colds.

Potential Claims*

- Reduces duration and symptom severity of common colds
- Supports healthy immune system function

Effervescent Tablets Features & Benefits

- Wide range of natural flavours & colours with your preferred sweeteners
- Effervescent tablets produce a nice fizzy flavour and are pleasant to drink often resulting in compliance or repeat usage
- A great dosage form for people who find oral tablets difficult to swallow (dysphagia)
- Popular with kids, adults and seniors
- Effervescent tablets have already started dissolving by the time they reach your stomach, meaning they can be absorbed efficiently and are gentle on the stomach
- High dose of Active Ingredients is possible due to large tablet sizes

* These claims are general in nature and have not been assessed according to specific regulatory requirements.
